## **Independent Auditors' Report**

## To the Members of Liva Nutrition Limited

## **Report on the Standalone Financial Statements**

# Opinion

We have audited the accompanying standalone financial statements of Liva Nutrition Limited ("the Company"), which comprises of the balance sheet as at 31st March 2019, and the statement of Profit and Loss (including other comprehensive income), and the Statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2019, and its loss, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

## **Basis for Opinion**

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In our opinion, there are no reportable Key Audit Matters for the standalone financial statements of the Company.

## Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

## Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

#### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report

that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting
  and, based on the audit evidence obtained, whether a material uncertainty exists related to
  events or conditions that may cast significant doubt on the Company's ability to continue as a
  going concern. If we conclude that a material uncertainty exists, we are required to draw
  attention in our auditor's report to the related disclosures in the financial statements or, if such
  disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit
  evidence obtained up to the date of our auditor's report. However, future events or conditions
  may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonablyknowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## **Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure A, a statement on the matters specified in the paragraph 3 and 4 of the order.

2. As required by Section 143 (3) of the Act, we report that:

- a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b. In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- c. The balance sheet, the statement of profit and loss and the cash flow statement dealt with by this Report are in agreement with the books of account;
- d. In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
- e. On the basis of the written representations received from the directors as on 31<sup>st</sup>March 2019 taken on record by the Board of Directors, none of the directors is disqualified as on 31<sup>st</sup>March 2019 from being appointed as a director in terms of Section 164 (2) of the Act;
- f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B"; and

- g. With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
  - i. the Company has disclosed the impact, wherever necessary, of pending litigations on its financial position in its financial statements;
  - ii. the Company has made provision, as required under the applicable law or Indian Accounting Standards, for material foreseeablelosses, if any, on long-term contracts including derivative contracts;
  - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

#### Annexure - A to the Auditors' Report

The Annexure referred to in Independent Auditors' Report to the members of the Company on the standalone financial statements for the year ended 31<sup>st</sup>March 2019, we report that:

- (i) As on the reporting date, there is no fixed assets in the Company hence reporting under this clause is not applicable.
- (ii) As on the reporting date the company does not have any inventory hence reporting under this clause is not applicable.
- (iii) The Company has not granted any loans secured or unsecured to companies, firms or other parties covered in the register maintained under section 189 of the Companies Act, and therefore, the provisions of clauses (iii)(a) & (iii)(b) of the Order are not applicable to the Company.
- (iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of section 185 and 186 of the Act, with respect to the loans and investments made.
- (v) The Company has not accepted any deposits from the public.
- (vi) The Central Government has not prescribed maintenance of cost records under section 148(1) of the Act hence reporting under this clause is not applicable.
- (vii) (a) The Company is regular in depositing undisputed statutory dues including provident fund, employees' state insurance, income tax, sales tax, service tax, duty of customs, duty of excise, value added tax, cess, Goods and Service Tax and any other statutory dues with the appropriate authorities.

According to the information and explanations given to us, in our opinion no undisputed amounts payable in respect of statutory dues including Provident Fund, Employees' State Insurance, Income Tax, Value Added Tax, Central Sales Tax, Wealth Tax, Service Tax, Custom Duty, Excise Duty, Cess, Goods and Service Tax and other statutory dues applicable to it were in arrears as at the balance sheet date for a period of morethan six months from the date they became payable.

(b) Reporting under this clause not applicable as the Company does not have any statutory dues which have not been paid on account of any dispute.

(viii) In our opinion and according to the information and explanation given to us, the Company has not defaulted in repayment of dues to a financial institution, banks, Government or debenture holder during the year.

- (ix) The Company did not raise any money by way of initial public offer or further public offer (including debt instruments) and term loans during the year. Accordingly, paragraph 3 (ix) of the Order is not applicable.
- (x) According to the information and explanations given to us, no material fraud by the Company or on the Company by its officers or employees has been noticed or reported during the course of our audit.
- (xi) During the reporting period, the Company has not paid / provided for any managerial remuneration hence reporting under this clause in not applicable.
- (xii) In our opinion and according to the information and explanations given to us, the Company is not a Nidhi company. Accordingly, paragraph 3(xii) of the Order is not applicable.
- (xiii) According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.
- (xiv) According to the information and explanations give to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year.
- (xv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with him. Accordingly, paragraph 3(xv) of the Order is not applicable.
- (xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act 1934.

#### Annexure - B to the Auditors' Report

# Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Liva Nutrition Limited ("the Company") as of 31<sup>st</sup> March 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

#### Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial controls and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

## Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

## Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

| 1-4 -                          | Liva Nutrition Limited  |
|--------------------------------|---|
|                                | - Company overview:<br>Nutritions Limited ["the Company"] was incorporated on December 21,2018 and operates as an integrated consumer company with business of manufacturin   |
| buyir<br>mani<br>food:<br>sauc | ng selling, reselling, exporting, all types of health food products, low fat, low cholesterol including cheese, butter and substitute products. Also the business<br>ufacturing, buying, selling, reselling, importing, exporting, bartering, using, distributing otherwise disposing of acting as agents and dealing in all types of hea<br>s and food products, including canned, botteld food, fruits and vegetables, pineapple, tit bits, tomato ketchup, all types of fruit pulp, juices, Jams, Syrups pickles a<br>es. The registered office of the company is located at House no. 6 & 7, Sigma Commerce Zone, Near Iscon Temple, Sarkhej-Gandhinagar Highway, Ahmedabe<br>rat - 380015. These financial statements were authorised for issue in accordance with a resolution passed by Board of the directors at its meeting held on May 2  |
| lote: 2                        | - Significant Accounting Policies:  |
| Α                              | The following note provides list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consisten<br>applied to all the years presented unless otherwise stated.   |
| 1                              | <ul> <li>A The financial statements have been prepared in accordance with Indian Accounting Standards [Ind AS] notified under the 'Companies [Indian Accounting Standards] Rules, 2015, as amended and other relevant provisions of the Companies Act, 2013.</li> <li>B The financial statements have been prepared on historical cost basis, except for the following assets and liabilities which have been measured at fair value revalued amount:         <ul> <li>i Derivative financial instruments</li> </ul> </li> </ul>  |
|                                | <ul> <li>Certain financial assets and liabilities measured at fair value [refer accounting policy regarding financial instruments]</li> <li>Defined benefit plans</li> </ul>  |
| 2                              | Use of Estimates:<br>The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates<br>judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent asset<br>and liabilities at the date of the financial statements and reported amounts of income and expenses during the period. Application of accounting policies th<br>require critical accounting estimates involving complex and subjective judgments are provided below. Accounting estimates could change from period<br>period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes<br>circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and,<br>material, their effects are disclosed in the notes to the Consolidated financial statements. |
| 3                              | <ul> <li>Borrowing Costs:</li> <li>A Borrowing costs consist of interest and other borrowing costs that are incurred in connection with the borrowing of funds. Other borrowing costs inclu ancillary charges at the time of acquisition of a financial liability, which is recognised as per EIR method.</li> </ul>  |
| 4                              | B Borrowing costs that are directly attributable to the acquisition/ construction of a qualifying asset are capitalised as part of the cost of such assets, up to t date the assets are ready for their intended use. Cash and Cash Equivalents:  |
| -                              | Cash and Cash equivalents for the purpose of Cash Flow Statement comprise cash and cheques in hand, bank balances, demand deposits with banks where the original maturity is three months or less.  |
| 5                              | <ul> <li>Provisions, Contingent Liabilities and Contingent Assets:</li> <li>A Provisions are recognised when the Company has a present obligation as a result of past events and it is probable that the outflow of resources will required to settle the obligation and in respect of which reliable estimates can be made. A disclosure for contingent liability is made when there is a possible obligation, that may, but probably will not require an outflow of resources. When there is a possible obligation or a present obligation in respect of which t likelihood of outflow of resources is remote, no provision/ disclosure is made. Provisions and contingencies are reviewed at each balance sheet date a adjusted to reflect the correct management estimates. Contingent assets are not recognised but are disclosed separately in financial statements.</li> </ul>   |
|                                | B If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific the liability.   |
| 6                              | Earnings per Share:<br>Basic earnings per share are calculated by dividing the net profit or loss [excluding other comprehensive income] for the year attributable to equ<br>shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstandi<br>during the year is adjusted for events such as bonus issue, bonus element in a right issue, shares split and reserve share splits [consolidation of shares] th<br>have changed the number of equity shares outstanding, without a corresponding change in resources.<br>For the purpose of calculating diluted earnings per share, the net profit or loss [excluding other comprehensive income] for the year attributable to equ  |
| 7                              | share holders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.<br>Financial Instruments:   |
|                                | A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.<br>A Financial assets:  |
|                                | <ul> <li>a Initial recognition and measurement:</li> <li>All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place [regular way trades] are recognised on the settlement date, i.e., the date that the Company settle to purchase or sell the asset.</li> <li>b Subsequent measurement:</li> </ul>   |
|                                | For purposes of subsequent measurement, financial assets are classified as follows:<br>Investment in mutual funds instruments at fair value through profit or loss [FVTPL]:<br>FVTPL is for investment in mutual funds instruments. Any such instruments, which does not meet the criteria for categorization as at<br>amortized cost or as FVTOCI, is classified as at FVTPL. Such instruments included within the FVTPL category are measured at fair value<br>with all changes recognized in the P&L.  |
|                                | c Derecognition:  |
|                                | A financial asset is primarily derecognised when: <ul> <li>i The rights to receive cash flows from the asset have expired, or</li> <li>ii The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows from the asset or has assumed an obligation to pay the received cash flows full without material delay to a third party under a 'pass-through' arrangement; and either [a] the Company has transferred substantially all the risks and rewards of the asset, or [b] the Company has neither transferred nor retained substantially all the risks and rewards of the asset.</li> </ul>   |
|                                | When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company is continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a bas that reflects the rights and obligations that the Company has retained. When the Company has transferred the risk and rewards of ownership of the financial asset, the same is derecognised.  |
|                                | In accordance with Ind AS 109, the Company applies expected credit loss [ECL] model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:  |
|                                | <ul> <li>a Financial assets that are debt instruments, and are measured at amortised cost</li> <li>b Trade receivables or any contractual right to receive cash or another financial asset</li> </ul>   |
|                                | c Financial assets that are debt instruments and are measured as at FVTOCI<br>The Company follows 'simplified approach' for recognition of impairment loss allowance on Point c provided above. The application of simplified approa  |

The Company follows 'simplified approach' for recognition of impairment loss allowance on Point c provided above. The application of simplified approach require the company to recognise the impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

|                |   | Liva Nutrition Limited   |
|----------------|---|--|
| Note: 2 - Sigr | nifica  | nt Accounting Policies - Continued:  |
|                |   | For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant<br>increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss.<br>However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that<br>there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on<br>12-month ECL.  |
|                |   | Lifetime ECL. Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is<br>a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date. ECL is the difference between<br>all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive [i.e., all<br>cash shortfalls], discounted at the original EIR.   |
|                |   | a Financial assets measured as at amortised cost, contractual revenue receivables and lease receivables: ECL is presented as an allowance which reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.  |
|                |   | b Financial guarantee contracts: ECL is presented as a provision in the balance sheet, i.e. as a liability.<br>For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics.   |
|                | в   | Financial liabilities:   |
|                |   | Initial recognition and measurement:<br>Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as<br>derivatives designated as hedging instruments in an effective hedge, as appropriate. All financial liabilities are recognised initially at fair value and, in the<br>case of loans and borrowings and payables, net of directly attributable transaction costs.  |
|                |   | Subsequent measurement:<br>Subsequently all financial liabilities are measured as amortised cost except for Loans and borrowings, as described below:  |
|                |   | Loans and borrowings:<br>After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are<br>recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking<br>into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance<br>costs in the statement of profit and loss.  |
|                |   | Derecognition:<br>A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is<br>replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an<br>exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective<br>carrying amounts is recognised in the statement of profit and loss.   |
|                |   | Embedded derivatives:<br>An embedded derivative is a component of a hybrid [combined] instrument that also includes a non-derivative host contract – with the effect that some<br>of the cash flows of the combined instrument vary in a way similar to a standalone derivative. Derivatives embedded in all other host contracts are<br>accounted for as separate derivatives and recorded at fair value if their economic characteristics and risks are not closely related to those of the host<br>contracts and the host contracts are not held for trading or designated at fair value though profit or loss. These embedded derivatives are measured at<br>fair value with changes in fair value recognised in profit or loss, unless designated as effective hedging instruments.   |
|                |   | The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for<br>financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if<br>there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company's senior<br>management determines change in the business model as a result of external or internal changes which are significant to the Company's operations.<br>Such changes are evident to external parties. A change in the business model occurs when the Company either begins or ceases to perform an activity<br>that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date<br>which is the first day of the immediately next reporting period following the change in business model as per Ind AS 109.   |
|                |   | Offsetting of financial instruments:<br>Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to<br>offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.   |
| 8 Fair         | Valu  | e Measurement:<br>Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the<br>measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place<br>either:   |
|                |   | a In the principal market for the asset or liability, or<br>b In the absence of a principal market, in the most advantageous market for the asset or liability   |
|                |   | The principal or the most advantageous market must be accessible by the Company.   |
|                |   | The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming<br>that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's<br>ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset<br>in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available<br>to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.  |
|                |   | All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described<br>as follows, based on the lowest level input that is significant to the fair value measurement as a whole:<br>a Level 1 — Quoted [unadjusted] market prices in active markets for identical assets or liabilities  |
|                |   | <ul> <li>Level 1 — Quoted [unadjusted] market prices in active markets for identical assets or liabilities</li> <li>Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable</li> </ul>  |
|                |   | c Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable<br>For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred<br>between levels in the hierarchy by re-assessing categorisation [based on the lowest level input that is significant to the fair value measurement as a<br>whole] at the end of each reporting period.  |
|                | The   | s issued but not yet effective:<br>Ministry of Corporate Affairs has issued Companies [Indian Accounting Standards] Amendment Rules, 2019 and Companies [Indian Accounting<br>lards] Second Amendment Rules on March 30, 2019, which notified the following standards and amendments to Ind AS applicable effective from April 1,<br>  |
|                | Ind A<br>disclo<br>for gr<br>term<br>its lea<br>the s<br>Comp | As 116 – Leases:<br>S 116 will replace the existing leases standard, Ind AS 17 Leases. Ind AS 116 sets out the principles for the recognition, measurement, presentation and<br>sure of leases for both lessees and lessors. The standard introduces a single lessee accounting model, requiring lessees to recognize right-of-use assets<br>ranted rights of use and corresponding lease liabilities. However, Ind AS 116 contains the option of exercising exemptions for the recognition of short-<br>leases and those pertaining to low-value assets. The Company will adopt Ind AS 116 effective from April 1, 2019, the Company will apply the standard to<br>asses, retrospectively, without restating the comparative figures. On the date of transition, the Company will application. On the date of initial application. On the date of initial application. On the date of initial application, the<br>vary will recognise a lease liability measured at the present value of the remaining lease payments , using the incremental borrowing rate as of that date<br>without or exast will be measured at the amount equal to lease liability adjusted for accrual and prepayment. Initial direct costs will not be taken into |

the standard and interefore, will not reassess whener a contract, is of contains a lease ja the date or initial application. On the date of initial application, the Company will recognise a lease liability measured at the present value of the remaining lease payments, using the incremental borrowing rate as of that date and right-of-use asset will be measured at the amount equal to lease liability adjusted for accrual and prepayment. Initial direct costs will not be taken into account in the measurement of the right-of-use asset as of the date of first-time application. In accordance with the standard, the Company will elect not to apply the requirements of Ind AS 116 to short-term leases and leases for which the underlying asset is of low value. The Company is in the process of evaluating the impact of Ind AS 116.

Management assesses the Company's capital requirements in order to maintain an efficient overall financing structure while avoiding excessive leverage. This takes into account the subordination levels of the Company's various classes of debt. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. Currently Company does not have any debt in books.
